All students attending the day camp are divided by age, position and skill level. Players receive work in all phases of the game. Regardless of how many students enroll, group sizes will remain small to facilitate learning. All hitting groups will maintain a 5-1 student-teacher ratio. Everyone will hit daily.

The camp is non-competitive, and instructors are prepared to work with a wide variety of skill levels. In addition to baseball, lectures on drug and alcohol education, nutrition, and strength and weight training are included in the camp.

This comprehensive baseball camp is conducted by experienced professional baseball personnel. The camp is open to boys, 6 to 15 years of age. Students will receive instructions on all aspects of the game including hitting, pitching/throwing, defensive play and base running. Participants will receive free refreshments each day and camp T-shirts will be sold during camp hours.
