Description of Program/Major

Aristotle states: "The end and purpose of a polis [a civic community] is the good life, and the institutions of social life are means to that end." Individuals who appreciate politics, who desire to influence society, who enjoy debating ideas, and who like to organize people or events, should consider the political science major.

The Department of Political Science at St. Mary's University is committed to education, to the scholarly life, and to an approach that urges students to serve society. St. Mary's Department of Political Science fosters the building of an engaged community characterized by social justice and civic conscience.

Our goal is for political science graduates to apply the answers they formulate to their private lives and to their careers.
